FEEDING GUIDELINES:

At first, it's best to mix ANF® with the food your dog is used to. Gradually replace the old food in the course of one week. This chart is a guideline only. For ideal weight, adjust serving size according to activity level. Provide ample fresh water. Pregnant or nursing dogs may need food available at all times. Double the recommended feeding for puppies up to six months of age.

ANF

TURKEY MEAL & BARLEY FORMULA

Advanced Nutrition for Adult Dogs
